

Designated Giving Policy

April 3, 2014

Whereas the church receives contributions towards specific ministry needs; and whereas the church supports the District, Global and Educational needs of our denomination based on income we have received; the Church Board has established the following policy:

Any designated giving to the Tagish Ministry will be used for the Tagish Ministry, however the support for our District, Global and Educational needs (based on that giving) will be allocated from the Tagish Ministry funds.

Any designated giving to the Building Fund, Work & Witness Fund or Youth Fund will go towards those ministries, however the related District, Global and Educational giving will be allocated from the general church fund. If this proves to be a hardship for the church budget, the church budget (particularly the amounts the church gives to Building Fund, W&W or Youth) may be adjusted accordingly by action of the church board.

The rationale for the Tagish Ministry funds being used for the allocations is that the Tagish Ministry is a home-based church in itself and those allocations are part of the operation of a church.
